

Ark Globe Academy
Key Stage 2 Suggested Home Learning Routine

We know every home is different, so this timetable is very flexible and designed to be supportive for all.

There will be **4 compulsory lessons** to complete on Seesaw every morning, by recording your work in your exercise book and uploading a photograph, or by recording your work directly on Seesaw.

There will also be **1 optional wider curriculum lesson** for you to do every afternoon, which you can complete in your ACP Science and Humanities workbooks.

If you require any support with home learning, please email your teachers.

Time	Activity
