

Ark Globe Academy Primary
Nursery Home Learning Pack 1

Weekly Message

Good morning Nursery

We look forward to seeing you soon, but want to make sure you continue with your learning at home!

Please email us photographs of your Home Learning and any questions you may have:
nurseryprimary@arkglobe.org

Please tweet photos of your Home Learning, using: #arkglobewow Remember, you can also upload pictures of your activities to EExAT too so that we can see what you have been up to.

Will you be our Star of the Week?
<https://arkglobe.org/primary-wow-wall>

Keep up the hard work!

RWI Phonics

Phonics

Every day, practise your set 1 phonics sounds. You could pick 1 sound per day and find objects in your house that begin with this sound!

Set 1 sounds

m m	a a	s s	d d	t t	i i	n n	p p	g g	o o
c c	k k	u u	b b	f f	e e	l l	h h	sh sh	r r
j j	v v	y y	w w	th th	z z	ch ch	qu qu	x x	ng nk

Busy Fingers

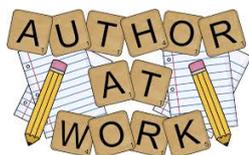

You need to keep your fingers wiggling and moving so that they can continue to grow to be healthy, strong hands for writing and making things.

To develop your fine motor skills this week, you could do the following activities:

- Warm up your fingers using this finger rhyme: dough disco
- <https://www.youtube.com/watch?v=zJQ2CaA7E50>
-
- **Make your own playdough-**
- How to make playdough:
- 1 cup of flour (whatever kind you have on hand)
- ¼ cup of salt
- ½ cup of water
- Instructions
- 1. Mix together the flour and the salt.
- 2. Mix together ½ cup of warm water with a few drops of food coloring.
- 3. Slowly pour the water into the flour mixture, stirring as you pour. Stir until combined, then knead with your hands until the flour is completely
-

Writing

This week, you should practise mark making through the following activities:

Session 1: Can you draw a funny looking face like below?

Try to make different lines to create hair and think also about face expression.
Can you draw happy, worried or surprised looking face?

Session 2: Can you write the letter **d**?

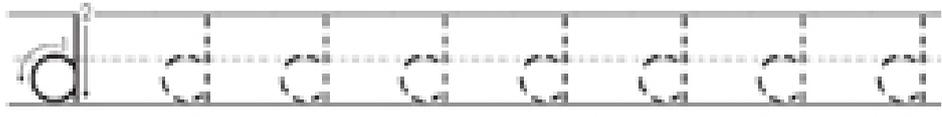

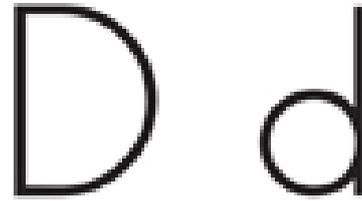

Name _____

Skill: Writing letters of the alphabet-'D'

Practice writing the letter "D".

Dog

1. Watch this video from 1:15min - 1:20min to see how to form the letter 'a'
<https://www.youtube.com/watch?v=wduPhJLeBhA>
2. Write the letter in the air
3. Write the letter on your leg, using your finger. Will someone let you write it on their back, using your finger?
4. Write the letter onto paper

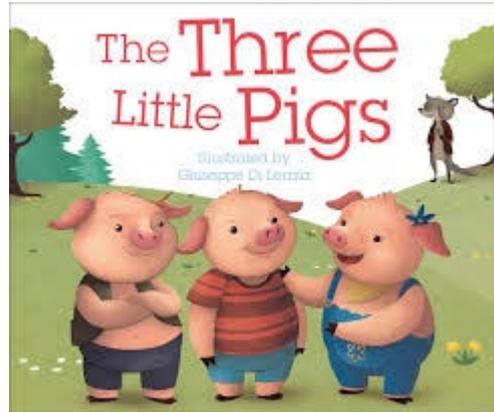

Parents: Remember that the purpose is for your children to begin to write for meaning – this means connecting meaning to the letters and marks they make on paper. You can encourage them to use their phonics sounds to spell the words, but don't worry if they don't spell correctly. Speak to them about what they have written and write the correct words underneath so that you can return to it together.

Reading

Session 1: Retell a story – choose a story from your home library or follow the link below to hear “The three little pigs”

https://www.youtube.com/watch?v=3CYLZ_yR5Q

Talk about these questions:

1. Why did the pigs have to build their own homes?
2. What did the 1st, 2nd, 3rd pig build their house from?
3. What did the wolf say when he came to each of the pig's houses?
4. And what did the pigs say?
5. How did the wolf try to get into the last little pig's house when he couldn't blow it down?

Session 2: Learn a new nursery rhyme – Hickory dickory dock

<https://www.youtube.com/watch?v=OvKwW59SA6k>

Challenge: You could upload videos of yourself telling the story of The three little pigs or Hickory dickory dock nursery rhyme to EExAT! We would love to see you!

Extra resource:

Audible have given free access to their collection of children's stories.

<https://stories.audible.com/start-listen>

These books and audio stories are free and can be streamed in 6 different languages.

Mathematics

Number recognition:

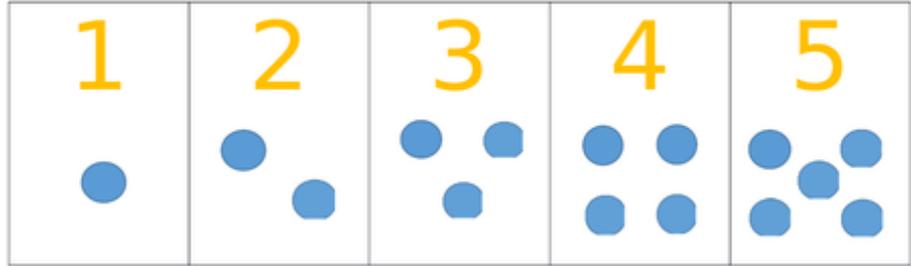

Recognition of numbers supports the development of other number skills, such as counting. Below you will find some examples of activities that will support your child number recognition skills however feel free to use other resource that you may already have at home.

Firstly, can you roll the number dice?

Secondly, can you find the same number and overwrite the number on the sheet?

Lastly, can you build a tower with that many bricks?

Counting skills:

Counting is important because the meaning attached to counting is the key conceptual idea on which all other number concepts are based. Children have often learnt the counting sequence as a rote procedure. They need to learn the meaning of counting by using counting skills in a variety of meaningful situations.

Count your toys one by one saying one number name for each toy. Also try to count everyday objects in your house or steps while you walk down the street.

Number formation:

Please make number formation activity by writing numbers in dots so your child can trace over it or use the one that is attached to this pack.

★ Name _____

1 2 3 4 5

6 7 8 9 10

Subject Specific

Activity 1: Expressive Arts and Design

Follow the link below to learn how to make a raised salt painting.

Please don't forget to share.

<https://www.youtube.com/watch?v=HAdQYOoe3Tk>

Activity 2: Understanding the World-sink or float.

Parents: Fill a bowl with water and place it on a tray because splashing will happen. Find a bunch of small waterproof toys of varying weights and materials. Have your child toss the objects into the water one at a time, trying to guess if they will sink or float before they hit the water.

Activity 3: Personal, Social and Emotional Development.

Get inspired by Jamie Oliver and help to prepare a meal for your family.

PE

You should be engaging in daily physical activities, so that you can keep fit and healthy!

We suggested the following activities, but you may find some of your own too!

PE with Joe Wicks
